

The image features a grayscale background of an industrial facility. On the left, a large truck with a long trailer is parked. In the center, a tall stack of metal containers is visible. On the right, a large stack of green containers is shown. The text 'GLCC Group' is overlaid in the center. 'GLCC' is in a large, bold, sans-serif font, and 'Group' is in a smaller, bold, sans-serif font. The text is white with a slight shadow. The background is overlaid with several semi-transparent green geometric shapes: a large square in the top left, a smaller square in the top right, and a large rectangle in the bottom right.

# About GLCC Group

GLCC Global Logistics & Camp Services Ltd. is a leading provider of comprehensive logistics, camp maintenance, catering services, and construction solutions to clients operating in diverse environments worldwide. With a strong focus on efficiency, reliability, and quality, we offer a wide range of services tailored to meet the unique needs of our clients across various industries.

# Our Vision & Mission

We are at the forefront of providing exceptional logistics, camp maintenance, catering, and construction solutions globally, catering to diverse industry needs with unparalleled quality.

**01**

## **Vision Statement**

To lead in logistics and camp services globally, innovating to meet evolving client needs.

**02**

## **Mission Statement**

To excel in logistics and camp services, ensuring reliability and client satisfaction worldwide.

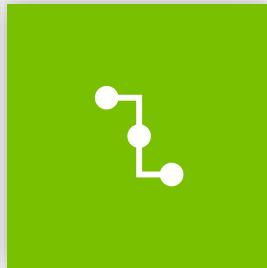

# Why Choose GLCC Group?

GLCC Group stands as a beacon of excellence in the realm of global logistics and camp construction services, distinguished by our unwavering commitment to reliability, efficiency, and quality. Our comprehensive suite of services caters to the unique challenges faced by our clients, ensuring seamless operations in even the most demanding environments.

## Global Expertise

Unmatched experience in diverse environments, from military missions to peacekeeping operations worldwide.

## Unified Solutions

A one-stop-shop for logistics, maintenance, catering, and construction, tailored to meet every client's specific needs.

**Services**

**Offered**

# Logistics and Camp Services

Logistics and Camp Services provide a comprehensive suite of solutions tailored to support the multifaceted needs of military operations. From end-to-end logistics management encompassing transportation, warehousing, and supply chain optimization, to camp maintenance, catering services, and the construction and demolition of camp facilities.

## Logistics

Streamlined support for military operations, emphasizing transportation and supply chain management.

## Camp Maintenance

Ensuring operational safety and comfort with routine upkeep and emergency repairs.

## Catering Services

High-quality, culturally tailored meals for optimal nutrition and satisfaction.

## Camp Construction

Expertise in creating and dismantling durable camp facilities.

# Technical & Infrastructure Solutions

Technical & Infrastructure Solutions are pivotal in establishing and maintaining the operational integrity of military installations. This includes the installation, maintenance, and repair of electrical and mechanical systems, HVAC services, and the deployment of renewable energy systems.

## EME Works

Maintenance and installation of critical systems, including HVAC and energy management.

## Wastewater Management

Sustainable solutions for water treatment, recycling, and distribution.

## Energy Solutions

Advanced energy solutions with a focus on efficiency and sustainability.

## Water Management

Comprehensive water supply and wastewater treatment tailored for military standards.

# Environmental Management Services

This section focuses on safeguarding the environment while meeting the rigorous demands of military operations. It encompasses environmental impact assessments, remediation of contaminated sites, and the implementation of sustainable practices and green initiatives.

## SAP Services

Custom SAP solutions integration and training for military needs.

## Inventory Management

Advanced inventory optimization and just-in-time delivery capabilities.

## Environmental Services

Assessments and remediation for minimal environmental impact on military projects.

## Hazmat Tasks

Safe handling and disposal of hazardous materials with emergency response readiness.

# Military-Related Services

GLCC Group offers unparalleled expertise in delivering comprehensive military-related services, focusing on the construction and maintenance of secure, functional, and resilient military installations. Our dedicated team ensures every project meets the highest standards of quality and security, tailored to support the critical needs of military operations.

## Camp Construction

Expert design and construction of military camps, ensuring robust infrastructure and compliance with stringent military standards.

## Catering Services

High-quality, nutritious catering services tailored to meet the dietary needs and preferences of military personnel, delivered with utmost attention to food safety.

## Combat Engineering

Advanced engineering support for military operations, including the construction of tactical infrastructure and emergency response capabilities.

## Defence Construction

Specialized in constructing and upgrading defense facilities with secure, strategic designs and cutting-edge security technologies.

# Workforce Profiles

# Our Expert Team

## Logistics Specialists

Expertise in efficient goods delivery and supply chain optimization.

## Camp Maintenance Engineers

Specialists in camp facility upkeep and safety compliance.

## Catering Managers & Chefs

Delivering tailored, high-quality meal services.

## Construction Managers

Overseeing camp construction to meet strict specifications.

## Civil Engineers

Designing durable, functional camp infrastructure.

## Carpenters & Metalworkers

High-quality craftsmanship in camp structures.

## Wastewater & Water Management Experts

Implementing sustainable water solutions.

## Inventory Managers

Optimizing inventory levels and procurement efficiency.

## SAP Consultants

Enhancing business process efficiency through SAP optimization.

## Safety & Compliance Officers

Ensuring safety and regulatory compliance in operations.

# Deployable Equipment

# Equipment Listing

01

## 20 Feet Flat Pack Containers

Portable and modular containers for storage, accommodation, or office space.

Easy to transport and assemble, suitable for rapid deployment in various environments.

02

## Defense Store Materials

Military-grade equipment, supplies, and materials for defense and security purposes.

Includes firearms, ammunition, protective gear, and communication devices.

03

## 50/150/500 Man Kitchens

Modular kitchen units capable of serving meals for different-sized military units.

Equipped with cooking appliances, food preparation areas, and dining facilities.

04

## Tents and Weather Havens

Shelter systems designed to provide protection from harsh weather conditions.

Includes tents, shelters, and weatherproof structures for accommodation, command centers, and storage.

# Equipment Listing

05

## Field Hospitals and Medical Facilities

Mobile medical units equipped with treatment facilities, operating theaters, and medical supplies.

Provide emergency medical care and support for military personnel in the field.

06

## Water Purification & Treatment Systems

Portable water purification units for producing clean and safe drinking water.

Essential for maintaining hydration and sanitation in remote or hostile environments.

07

## Field Communication Equipment

Military-grade communication systems for secure and reliable data and voice transmission.

Includes radios, satellite phones, and communication networks for command and control.

08

## Field Engineering Equipment

Tools and machinery for construction, repair, and maintenance of infrastructure in the field.

Includes earthmoving equipment, generators, and power tools for engineering tasks.

# Equipment Listing

09

## Mobility and Transportation Assets

Military vehicles, trucks, and trailers for transporting personnel, equipment, and supplies.

Includes armored vehicles, transport trucks, and utility vehicles for mobility and logistics support.

10

## Fuel Storage and Distribution Systems

Portable fuel storage tanks and distribution systems for refueling vehicles and equipment.

Ensure availability of fuel for operations and mobility in remote or austere environments.

11

## Power Generation Equipment

Generators and power plants for providing electricity to military camps and facilities.

Ensure continuous power supply for lighting, heating, cooling, and equipment operation.

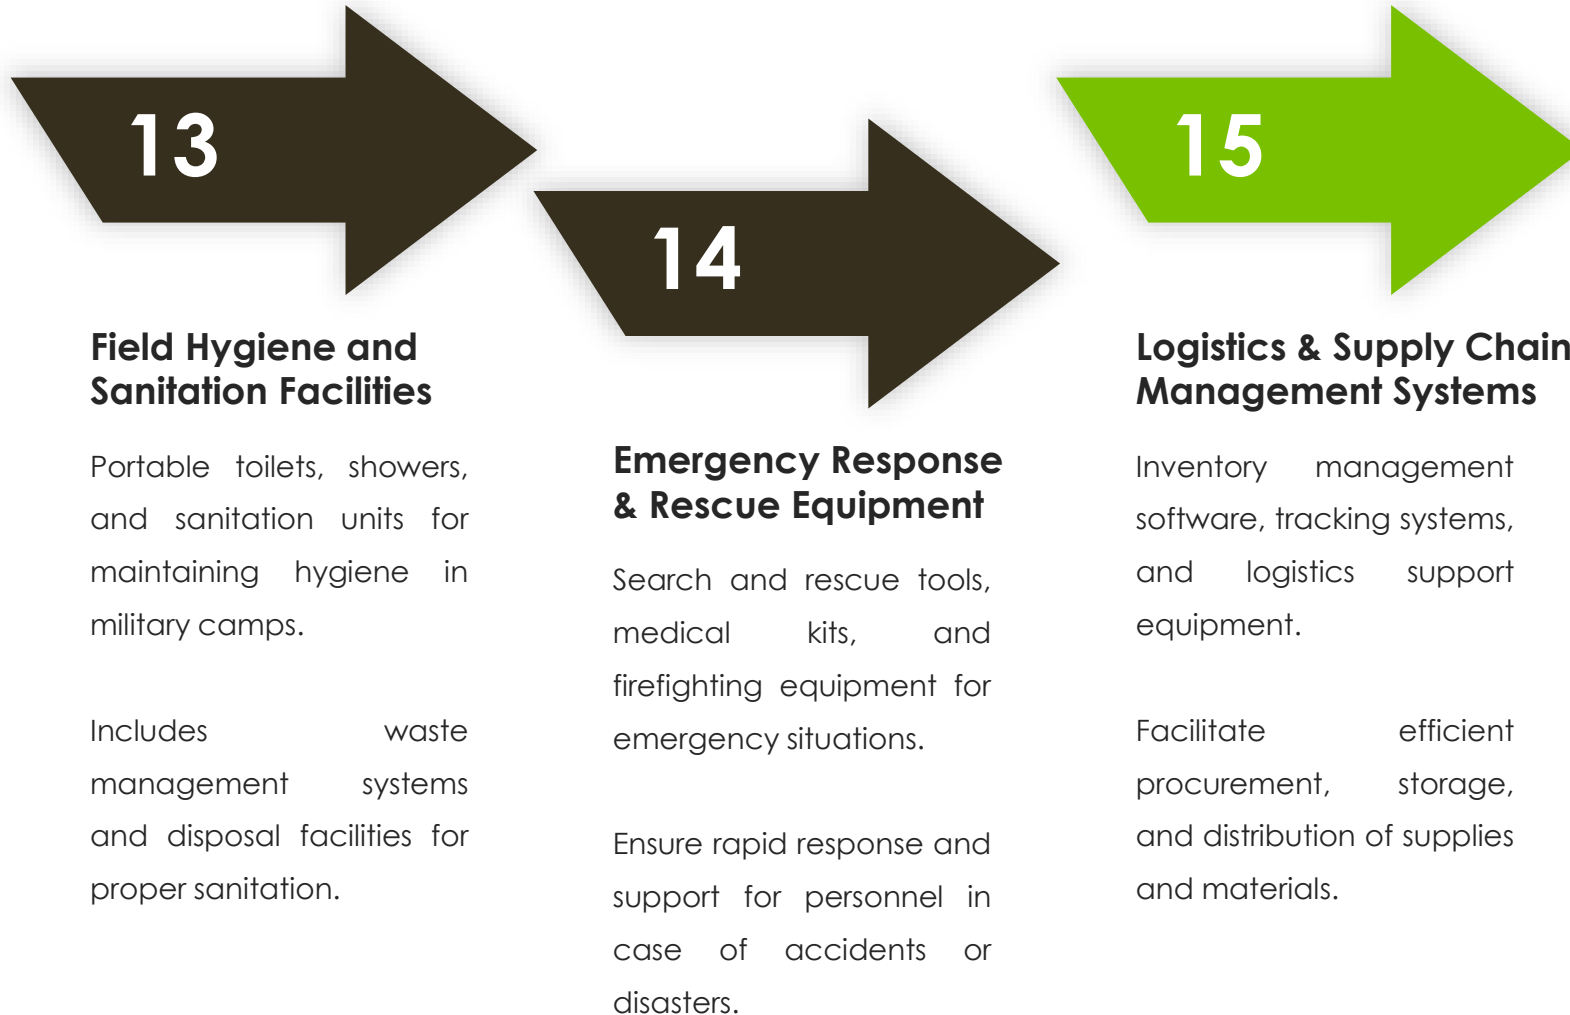

12

## Security and Surveillance Systems

Perimeter fencing, barriers, and surveillance equipment for securing military camps.

Includes CCTV cameras, motion sensors, and security personnel for perimeter defense.
